

CODEALPHA INTERNSHIP PROGRAM

Research Report on

Internet of Things (IoT) in Healthcare Monitoring

Submitted By

V. Pavan Kalyan

College

Anurag University

Domain

Internet of Things (IoT)

Task

Task 1: Research Report – IoT in Real Life

Submitted To

CodeAlpha

Submission Date

June 2026

Table of Contents

1. Abstract
 2. Introduction
 3. IoT Architecture in Healthcare Monitoring
 4. Applications of IoT in Healthcare
 5. Benefits of IoT in Healthcare Monitoring
 6. Challenges of IoT in Healthcare
 7. Future Scope of IoT in Healthcare
 8. Conclusion
 9. References
-

Diagram 1: IoT Healthcare Monitoring Architecture

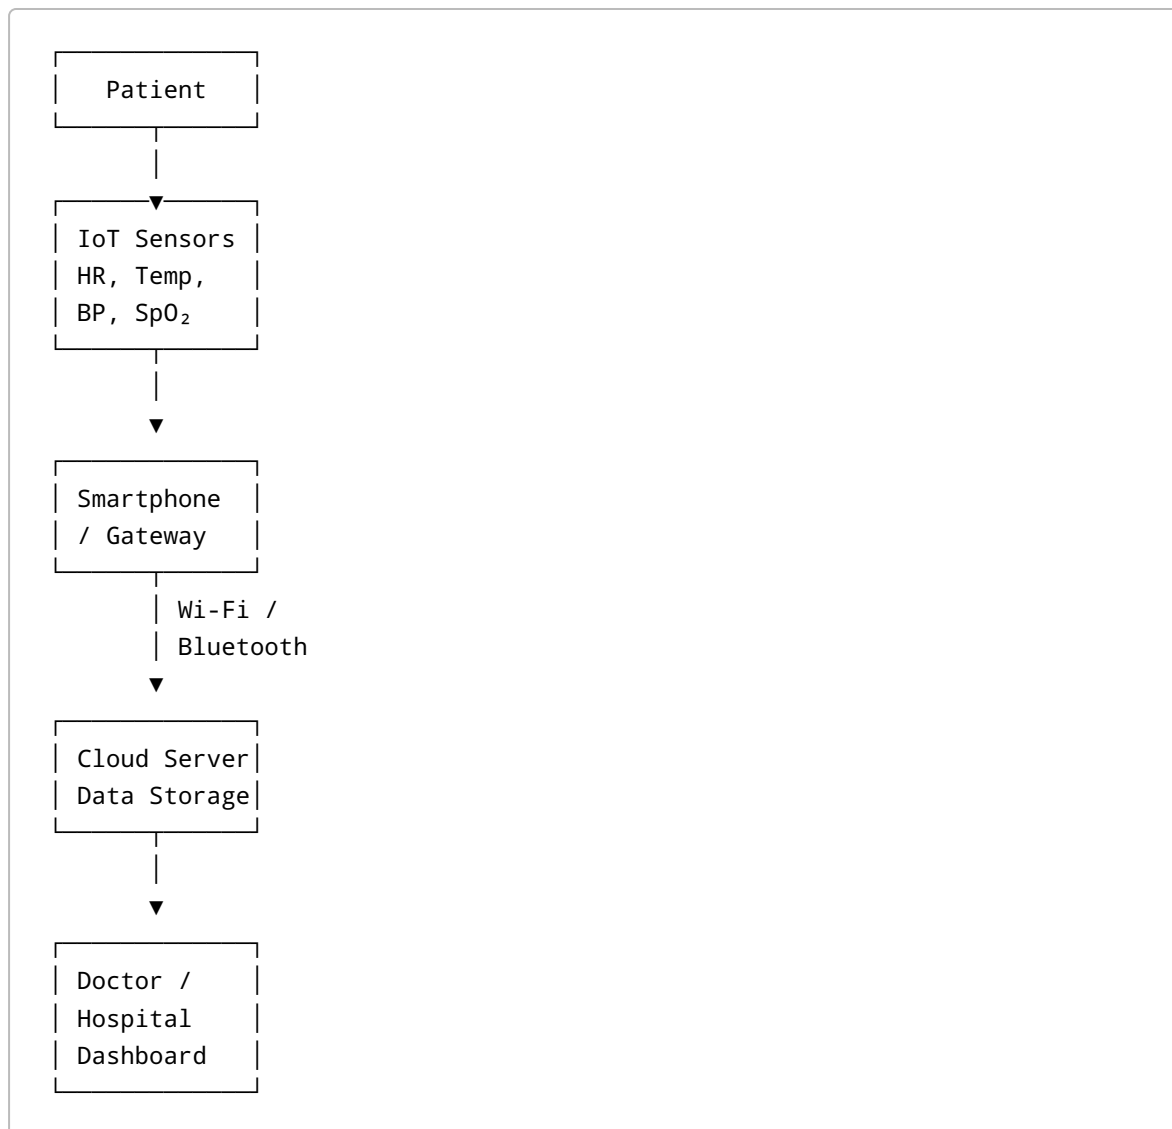

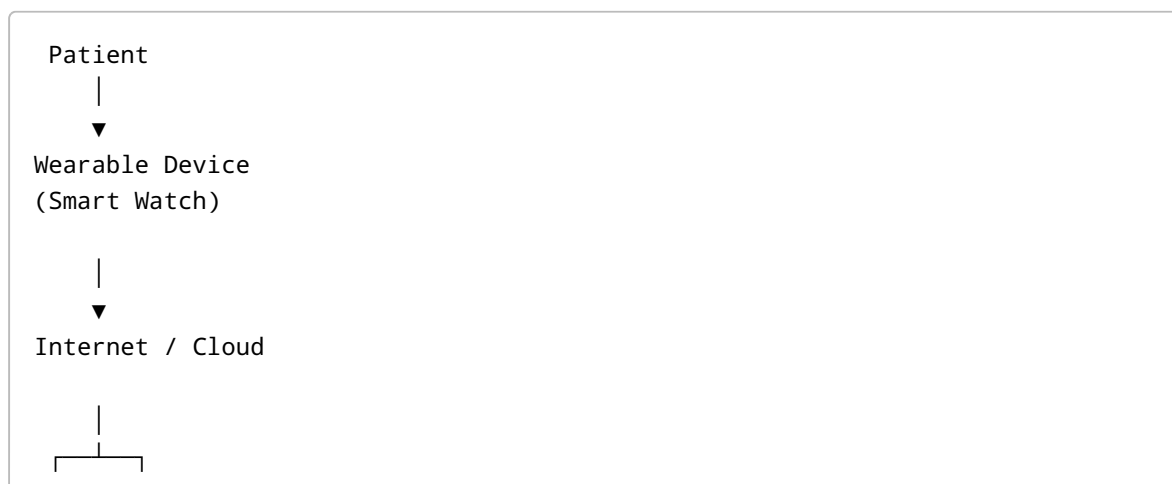

Diagram 2: Remote Patient Monitoring System

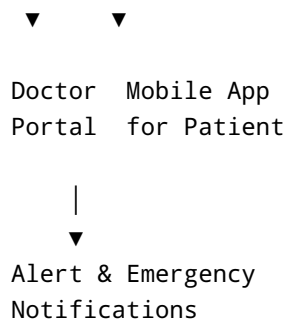

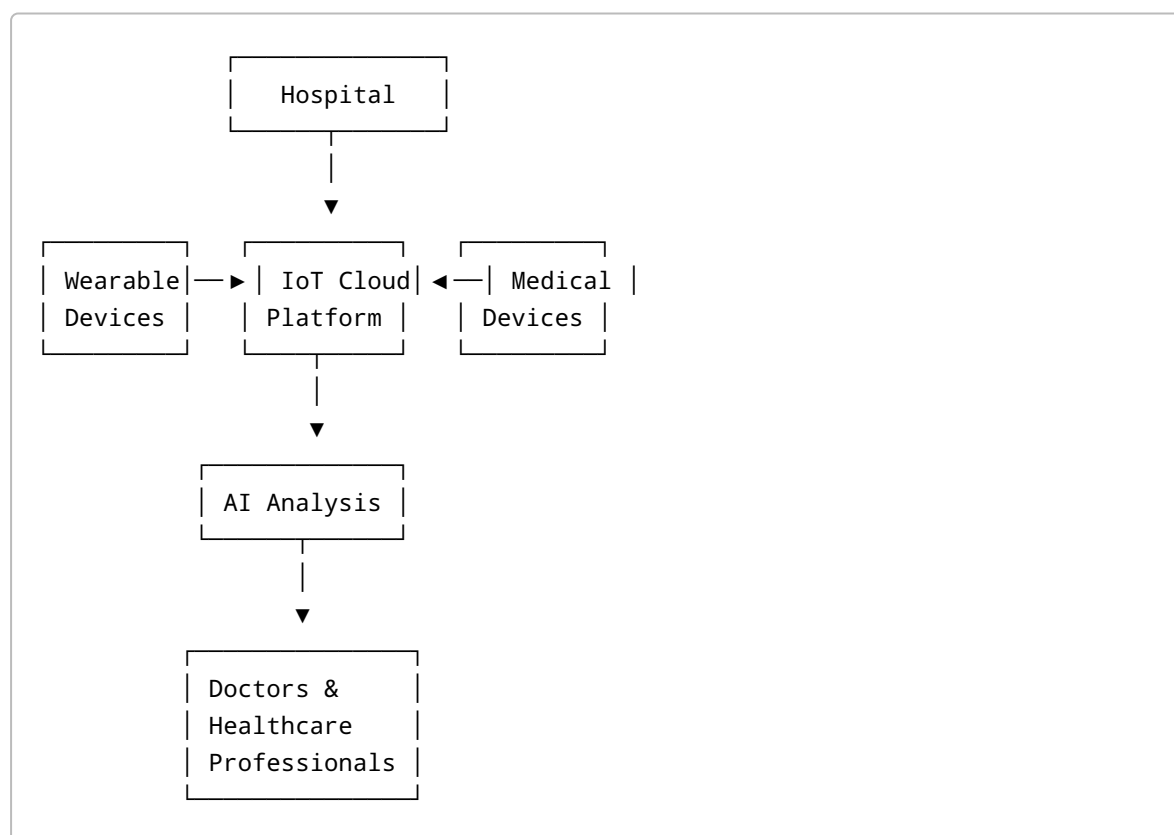

Diagram 3: Smart Healthcare Ecosystem

References

1. World Health Organization (WHO)
2. IEEE Internet of Things Journal
3. International Journal of Medical Informatics
4. Cisco IoT Healthcare Solutions
5. IBM Watson Health Resources
6. Research Papers on IoT Healthcare Monitoring
